

jenkins报jmeter.log (Permission denied)

问题：jenkins执行jmeter的时候报无log权限

2019-08-30 21:00:17,306 main ERROR FileManager (jmeter.log) java.io.FileNotFoundException: jmeter.log (Permission denied) java.io.FileNotFoundException: jmeter.log (Permission denied)

解决方案：给日志加权限即可

进入jmeter的bin目录下执行

chmod 777 *.log
